ENTRY-LEVEL SOFTWARE ENGINEER

HEIN HTET ZAW

Address : Casa.Blanca, 2-9-15, Nakajuujo, Kita-ku
Tokyo, Japan
Ph-no : **080-2012-0443**
Email : heinlay2442000@gmail.com
Github : github.com/heinhtetzaw-mm
Portfolio : heinhtetzaw-mm.github.io

SUMMARY

System Engineering student at Nippon Kogakuin College with a strong foundation in web application development using Python, Java, and JavaScript. Hands-on experience building full-stack projects, including an expense tracker using Flask, with an understanding of both front-end and back-end development. Trilingual with English, Japanese, and Burmese (native), bringing strong communication skills in multicultural environments. Motivated to grow as a software engineer and contribute to user-focused, scalable applications.

SKILLS

Programming Languages: Python, Java, JavaScript, HTML, CSS

Frameworks: Flask

Database: SQLite, MySQL

Tools: Git, GitHub, VS Code, Render

Concepts: Web Development, REST APIs, Basic UI/UX

Languages: English (TOEIC 910), Japanese (JLPT N2), Burmese (Native)

PROJECTS

Expense Tracker Web App (Flask, SQLite, JavaScript)

- Developed a full-stack web application to track and categorize personal expenses

- Implemented monthly filtering and all-time views for better financial insights

- Designed responsive UI using HTML, CSS, and JavaScript

- Managed data storage using SQLite and integrated backend logic with Flask

Web Calculator (JavaScript, HTML, CSS)

- Built an interactive calculator with basic arithmetic operations

- Implemented dynamic UI updates and input handling using JavaScript

- Focused on clean and user-friendly interface design

F1 Hub (Web Application) (JavaScript, HTML, CSS)

- Developed a web application to display Formula 1 information, including drivers, teams, and race-related data

- Implemented dynamic content rendering and interactive UI using JavaScript

- Designed a responsive and user-friendly interface for better user experience

- Organized and managed structured data for efficient information display

EDUCATION

English Language Proficiency Program
British Council. Yangon, Myanmar

Japanese Language Studies (Coursework) (2017 – 2020)
University of Foreign Languages (YUFL). Yangon, Myanmar

Japanese Language Program
Kyoritsu Japanese Language Academy. Tokyo, Japan

Advanced Diploma In System Engineering (Expected Graduation: March 2027)
Nihon Kogakuin College - Kamata Campus, Tokyo, Japan

CERTIFICATIONS AND COURSES

JLPT N2 | TOEIC 910 | IELTS 6.5 | Information System Certification (J-Ken) Level 2

VOLUNTEER AND LEADERSHIP EXPERIENCE

Blood Donation Volunteer (Yangon, Myanmar)
2018
Assisted with blood donation events and supported participant coordination

Shift Leader (Part-time) (Tokyo, Japan)
2024 - Present
Led store operations and supervised staff during assigned shifts
